- At Rajas International School, we strongly believe that character is as important as competence. Through value-based activities, community awareness programs, and classroom discussions, students were guided to practice empathy, respect, integrity, and responsibility. These experiences helped them develop emotional intelligence and social awareness—essential skills for the 21st century.
- Even though our students engaged in various co-curricular and life skill activities, top priority is given to academic performance. Remedial teaching, extra classes, revisions, slip test, unit tests, assignments, project work, end of term exams always keep them busy throughout the year. As we celebrate achievements and address challenges, we remain committed to continuous improvement and collaboration for the betterment of our educational community.
- Education is a shared responsibility. We deeply value the strong partnership with our parents, whose trust and cooperation have strengthened our school community. Regular interactions, open communication, and constructive feedback have helped us work together for the holistic development of our children. We also appreciate the support extended by our community, which has enriched our students' learning experiences beyond school walls. Thank you
